An act to require all schools to have a working clothes washer and dryer.

Be it enacted by the Youth Assembly of the Commonwealth of Kentucky

Section 1: There will be a working clothes washing machine and a working dryer in every school in Kentucky. It will help decrease the epidemic of absenteeism.

Section 2: People stay home due to embarrassment that they can't afford clean clothes. This will increase school attendance.

Section 3: In the first year of an experimental trial over 90 percent of tracked students improved their attendance. 95 percent of people had more motivation in class and were able to do extra curricular activities.

Section 4: Any penalties or punishment that will be incurred for violating the proposed law will result in a $50 fine.

Section 5: Care Counts by Whirlpool will fund the washing machines and dryers fully. This will all be free for the schools. Additional and continued support will be funded through the FRYSC in each Kentucky School.

Section 6: This bill will be enacted a month after being passed.
