## **OUR MISSION**

#### YMCA OF THE USA MISSION STATEMENT

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.

#### **CORE VALUES**

Honesty Caring Respect Responsibility

#### **KENTUCKY YMCA MISSION STATEMENT**

To develop engaged citizens and servant leaders inspired to affect change in their school, community, Commonwealth, nation, and world. Through experiential learning, service, and community activism, the Kentucky YMCA Youth Association fosters critical thinking, leadership, and social responsibility in teens.

#### **AREAS OF FOCUS**

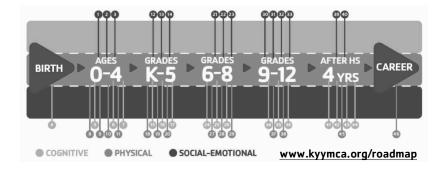

#### YOUTH DEVELOPMENT AT THE YMCA

Kentucky YMCA Youth Development is the **social-emotional**, **cognitive**, and **physical** process that all youth uniquely experience from birth to career. A successful development process fulfills children and teens' innate need to be loved, spiritually grounded, educated, competent, and healthy.

Positive youth development is supported by the intentional efforts of individuals, including parents, mentors, teachers, community members, peers, and others who help foster the skills needed for successful living through motivation, active engagement, enriching activities, and healthy relationships.

#### DIMENSIONS OF WELL-BEING

At the Y, we support youth development by fostering nine dimensions of well-being: Character, Giving, Inspiration, Health, Achievement, Relationships, Belonging, Meaning, and Safety.

Youth Development at the Y emphasizes three of these dimensions when measuring the impact and effectiveness of our programs:

Achievement Relationships Belonging

#### THE FIVE PILLARS

To help ensure the fidelity and quality of our YMCA teen programs, we measure and seek to maximize impact using the following pillars:

Academics
Positive Relationships
Positive Identity
Life Skills
Civils Engagement (Voutbond Government)

**Civic Engagement** (Youth and Government\*)

\*Each YMCA teen program has a unique pillar of measurement. As a Youth and Government program, the Kentucky YMCA and our Student YMCA Chapters measure civic engagement.

## KENTUCKY YMCA YOUTH ASSOCIATION KENTUCKY UNITED NATIONS ASSEMBLY (KUNA)

#### STUDENT CODE OF CONDUCT AND DRESS CODE

The purpose of this Code of Conduct is to identify personal behavior that is consistent with the purpose and objectives of the Kentucky YMCA Youth Association. The items within the Code are designed to protect the welfare of the program for current participants and future generations. A participant's personal behavior reflects upon one's self, one's Student YMCA, and the Kentucky YMCA. Registration in any Kentucky YMCA conference program indicates personal acceptance of the Code of Conduct. Any student sent home for violation of this Code will be at the expense of parent or quardian.

#### **EXPECTATIONS OF PARTICIPANTS**

- 1. Each delegate shall conduct himself/herself in an orderly and responsible manner before, during, and after all functions of the Kentucky YMCA conference programs.
- 2. All participants share the responsibility for their actions equally when violations of the Code are witnessed. Those who choose to be present when a violation occurs and do not immediately act to remedy and report the violation shall, by their own choice, be considered participants in the violation. In relation to this Code, there are no "innocent bystanders."
- 3. No delegate shall participate in discrimination or harassment of any other participant. This includes protection on the basis of race, ethnicity, religion, gender identity or expression, sexual orientation, or socioeconomic status.
- 4. No delegate shall leave a Kentucky YMCA function unless the approval of his/her advisor AND the director of the program is secured. The delegate must be picked up and returned by a parent or legal guardian who must take responsibility for the delegate in writing.
- 5. Each delegate is legally and financially liable for the removal, defacing, or willful damage to public or private property. Any act of vandalism, destruction of property, or misuse of a facility may be a crime and will be treated as a potential criminal violation.
- 6. Food (including gum and candy) and beverages other than water (including those sold by the hotel) are not permitted in any meeting sessions.
- 7. Cell phones, music players, or other wireless communications devices are not to be used during any meeting session.
- 8. The use of tobacco products, burning of incense, possession of alcoholic beverages, and the use of legal or illegal drugs ont in accordance with a prescription is forbidden at any Kentucky YMCA function.
- 9. Youth delegates may not enter rooms other than those assigned by the Y-Staff or advisor.
- 10. Physical intimacy between participants of any gender is inappropriate at all times while at Kentucky YMCA Youth Association Programs and is prohibited.
- 11. All delegates shall be in and remain in their assigned rooms by scheduled curfew and doors shall remain closed until scheduled end of curfew.
- 12. Badges shall be worn ONLY by the individual whose name is on the badge. Badge switching or sharing is strictly prohibited.

  Participants will wear their assigned badges at all times when they are not in their sleeping rooms, and must be visible at all times.

  Badges are to be worn around the neck and are not to be defaced, decorated, or altered in any way. There may be a charge for replacement badges.
- 13. Unless there is a fire, participants will not pull the fire alarm. Pulling a fire alarm is a serious offense, and any participant who does so will be held financially and potentially criminally liable. Hotel alarms automatically summon the fire department and create a great inconvenience and fear for the hotel and other guests.
- 14. Use of personal vehicles by students during Kentucky YMCA conferences is strictly prohibited.
- 15. Weapons of any kind and items that could cause injury or damage to participants and/or property are strictly forbidden.

#### **VIOLATION OF EXPECT**ATIONS

All violations of this code of conduct are to be brought to the attention of the Y-Staff. Participants found to be in violation of the above expectations will be subject to disciplinary actions at the discretion of advisors and the Y-Staff including but not limited to: calls to parents/guardians; incident report filed; participant sent home; school policies implemented. If state or federal law is broken, Y-Staff will notify parent/guardian and law enforcement and participant will be sent home. At all times the Y-Staff reserves the right to alter disciplinary actions at their discretion.

#### **ROOMING POLICY**

I understand that conference delegates are typically housed four (4) to each room and that in order to participate in this program; I must share a room and bed with at least one other student of the same sex from my delegation. I may be roomed with students of the same sex from another delegation, in which case I will not share a bed with a person from another delegation. I further understand that I may not room with anyone other than YMCA conference delegates

-- not an advisor, parents, or other relatives -- without expressed notarized\* parental consent (\*notarization only required if student rooms with adult other than parent/legal guardian), and permission of Executive Director of the Kentucky YMCA. I also understand that I may not room alone.

#### REFUND POLICY

I understand that all fees are non-refundable. In the case of extenuating circumstances, a portion of the payment may be refunded by action of the Executive Director based upon written request from the student or parent.

#### PARTICIPANT DRESS CODE

KUNA is a professional development experience. While at KUNA, students are expected to abide by the following dress code. Conference name badges are part of this dress code and must be worn for all conference functions. Anyone not in compliance with the dress code may be asked to change clothes. Advisors will be notified of any violations. #### **UN UNIVERSAL DECLARATION OF HUMAN RIGHTS**

#### Preamble

Whereas recognition of the inherent dignity and of the equal and inalienable rights of all members of the human family is the foundation of freedom, justice and peace in the world,

Whereas disregard and contempt for human rights have resulted in barbarous acts which have outraged the conscience of mankind, and the advent of a world in which human beings shall enjoy freedom of speech and belief and freedom from fear and want has been proclaimed as the highest aspiration of the common people,

Whereas it is essential, if man is not to be compelled to have recourse, as a last resort, to rebellion against tyranny and oppression, that human rights should be protected by the rule of law,

Whereas it is essential to promote the development of friendly relations between nations,

Whereas the peoples of the United Nations have in the Charter reaffirmed their faith in fundamental human rights, in the dignity and worth of the human person and in the equal rights of men and women and have determined to promote social progress and better standards of life in larger freedom,

Whereas Member States have pledged themselves to achieve, in cooperation with the United Nations, the promotion of universal respect for and observance of human rights and fundamental freedoms,

Whereas a common understanding of these rights and freedoms is of the greatest importance for the full realization of this pledge,

Now, therefore, The General Assembly,

ALWAYS ADDRESS THE CHAIR! "Harry Potter, Hogwarts, Sir/Madam Chair."

#### TECHNICAL QUESTIONS

Summit.

1

7

- o READ the resolution before you decide on your question.
- DON'T ask questions that are already in the resolution.

EX: "When will this resolution go into effect?" and "How much will this resolution cost?" are <u>usually</u> answered in the Body of the resolution.

o DON'T ask questions that begin with "Why...?" These are almost always debatable.

#### WHAT YOU MAY DO DURING PRO / CON DEBATE

- Each time you are recognized, you may do ONE or TWO of the following things:
  - Ask the sponsor(s) a technical question about the resolution
  - Ask the sponsor(s) a debatable question about the resolution
  - Give a speech for OR against the resolution
  - Yield your remaining time to another delegate
- If you would like to <u>Ask a Question</u> (or a series of 2 questions), when you are recognized, say:
   "Will the sponsor(s) yield to a question (or 'series of questions')?"
- o If you would like to <u>Speak or Yield Your Time after Asking a Question</u>, you should say: "And I reserve my right to speak (or 'yield my time') afterward."
- If you would like to <u>Yield Your Time after Speaking</u>, you should reserve your right to do so after addressing the chair.

EX: "Harry Potter, Hogwarts, Madam Chair. I reserve my right to yield the remainder of my time to Delegate Smith from Central Middle."

Accord on the Restriction of Trafficking of Rainforest Animals

The General Assembly,

Convinced that the illegal trafficking of rainforest animals affects all nations,

Recalling the actions of the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES) Secretariat in implementing resolution 69/314, Tackling illicit trafficking in wildlife, adopted 30 July 2015,

Providing funding for health departments to increase public health awareness in rural and remote areas of third world countries

The General Assembly,

Profoundly apprehensive about the lack of medical attention to rural and remote areas of Cambodia and other third world countries,

Considering that statistics reveal that an estimated 2 million individuals in Cambodia are infected with Malaria, HIV, tuberculosis, and/or other viral infections due to the lack of awareness in disease prevention, sanitation, and the treatment of medical illnesses in the isolated areas of these countries,

Acknowledging the absence in properly trained medical personnel,

Fog catching to help reduce global water crisis

The General Assembly,

Recognizing the Global Water Crisis, and alarmed by the increasing death total including the average 1000 children dying per day due to the lack of clean water,

According to the Secretary General's Agenda emphasizing that we are physically, financially, and socially limited by how much water can be extracted and renewed before the resource becomes even more scarce than it is now,

Reaffirming that less than 1% of water is readily available at the right time or place,

According to the Secretary General's Agenda we are fully aware that 783 million people do not have access to clean water; however, we do not find it necessary for other countries to give their limited supply when there is a cogent and beneficial solution,

- 1. Notes that fog collectors work by using a fine mesh net that is suspended in the air; water is collected when the fog passes through and is condensed. The water then rolls down into an open pipe that is transported downhill into multiple barrels where it can then be used;
- 2. Affirms fog catchers could be used in Chile, and consequently, the technology be implemented worldwide;
- 3. Confirms that this technology has been proven to work. According to the non-profit organization Fogquest, the catchers can make up to 1000 liters of clean water a day. This could keep everyone from having to limit the amount of water in each country;
- 4. Emphasizes the fog collectors that we will use do not produce any emissions;
- 5. Further recommending this procedure in other countries to help solve the Global Water Crisis.

Protocol on the Reduction of "Greenhouse" Gas and Sulfur Dioxide Emissions

The General Assembly,

Recalling that the emissions of "greenhouse" gases and sulfur dioxide could result in disaster for humankind, as declared in resolution 44/54,

Recognizing the need for reduction in CO2 and SO2 emissions, which largely contributes to the creation and buildup of acid rain and higher global temperature,

Deeply conscious of the extent of global pollution, especially of industrialized nations,

Confident in global trends from environmental analysts illustrating the severity and consequences of rising global temperatures,

Alarmed that the potential rise in sea level, accumulation of acid rain, and rise in temperature could lead to a less diverse planet, spelling disaster for humanity,

Bearing in mind that factories are necessary for impoverished people globally, as many rely on their income through factory jobs,

- 1. Calls upon the UN conference to recommend the implementation of carbon dioxide and sulfur dioxide capture devices in factories;
- 2. Requests the sponsoring of further research in sustainable fuel and greater fuel to mechanical energy efficiency;
- 3. Recommends state involvement in the implementation and management of recycling facilities, to aid in the reduction in the present danger of air pollution;
- 4. Further recommends that states create a tax "rebate" system for factories that undergo efforts to reduce "greenhouse" gas and sulfur dioxide emissions.

Requiring the Cuban Government to Provide a Better Health Care System for Prisoners

The General Assembly,

Convinced that the abuse of prisoners could cause the Cuban population to overthrow the harsh government,

Recalling against the abuse of prisoners goes against the fundamental rights and laws of Cuba under the United Nations,

Reaffirming that throwing people in prison by political detentions and subjecting them to abuse, as well as not allowing them to receive medical care goes against the Nelson Mendela Act of 1957,

Conscious that former Prime Minister Fidel Castro pardoned many prisoners for their political detentions following the lift of the trade embargo between the United States,

Bearing in mind that the Nelson Mendela Act of 1957 was revised and re-enacted to require the state to take care of their citizens AND prisoners,

Determined that to create a better medical institute for prisoners without the fear of the government attacking the people,

- 1. Seek the United Nations to support and fund the fixing;
- 2. Seek to lower the prisoner population to those who committed political crimes;
- 3. Increase the healthcare provided for prisoners to meet a humane standard including: provide annual check ups, provide vaccinations, provide consumable food that is well rationed, and annual unnanouced visits from the red cross or the un depending on the matter at hand.

Establishment of a Foster Care System in the Czech Republic

The General Assembly,

Having examined the current stereotype that many Czech citizens hold against Roma and "gypsy" children as being untrustworthy, undisciplined, and unsanitary, many of these children are left in overcrowded adoption houses as a result,

Recognizing that many Czech citizens are not fully aware of the situation that these minority children face, it would be to the childrens' benefit for the U.N. to influence the Czech government in the establishment of a foster system to ensure that these children have opportunities for a better home and educational career without undue prejudice,

Referring to the statement from the Hague Adoption Convention dealing with the proper treatment of children in the Czech Republic it was claimed that, "Intercountry adoptions shall be made in the best interests of the child and with respect for his or her fundamental rights... and each State should take, as a matter of priority, appropriate measures to enable the child to remain in the care of his or her family of origin,"

Recalling that an international effort has been made to relieve the strain that adoption facilities pose to the Czech Republic, it was stated in the Periodic Code that, "An important development in the period under review was the adoption of the Anti-discrimination Act in 2009. Stronger protection and enforcement of individual rights and freedoms was also the aim of many other legislative changes (Criminal Code-2009) that requires greater respect for human rights and freedoms, (amended Code of Civil Procedure-2008) that improves the protection of the rights of the child and the procedural status of children,"

Recognizing the contrast between the above acts and the current situation of adoption-housed children; a foster care system will be able to provide positive influence so that these children may grow into productive members of society,

- 1. Recommends the U.N. to influence the Czech government in the establishment of a foster care system,
- 2. Draws attention to the fact that the U.N. does not have the means to provide unlimited monetary donations to the Czech government; this resolution notes that the U.N. will influence and give limited fiscal donations to the Czech government so that foster half-way houses may be established out of existing adoption facilities;
- 3. Calls upon the support of the U.N for the establishment of a foster system to benefit the children of the Czech Republic in finding an accepting home, and to eliminate prejudice against the Roma race;

Reformation of sex education and require protective services

The General Assembly,

Alarmed by the fact that teen pregnancy rates are soaring, making the Dominican Republic third highest in the Caribbean Countries. This is attributed to the lack of sexual education at home and in schools during their adolescent years,

Deeply concerned that currently sex education is based off of morals, values, and religious sensibilities. Women have no knowledge about their forming bodies and they will not learn about condoms or birth control because the catholic church is opposed to preventing pregnancies, considering it should not be used in schools,

Bearing in mind more and more children are experieieencing with sexual encounters and thus contracting STDs, becoming pregnant teens drop out of school, never make it to college, and stay in poverty, even risk their lives getting an illegal abortion,

- 1. Requests the UN to send people to the Dominican Republic to help reform the education in schools;
- 2. Endorses liberal education in all public schools (6th-12th grade);
- 3. Further recommends precautionary supplies such as condoms and birth control to young adolescents.

Economic Development of the Qattara Depression

3 The General Assembly, 

Noting that Egypt currently has a trade deficit of 7% of GDP, a budget deficit of 12% of GDP, unemployment of 13%, and inflation of over 11%,

Noting further that Egypt's dependency on the Nile for irrigation and drinking water has historically strained relations with upstream nations including Ethiopia, South Sudan, Sudan, and Uganda,

Observing that the Qattara Depression is the 5th deepest depression on land, as low as 133m below sea level, and is filled by ground water at a rate of  $2.5 \, \text{m}^3/\text{second}$  which is slower than the evaporation that occurs in the desert climate due to the lack of ground cover,

Recalling several of the priorities of the Food and Agriculture Organization of the UN in both developed and undeveloped nations as to "Make agriculture, forestry and fisheries more productive and sustainable," "Reduce rural poverty," and "Increase the resilience of livelihoods to threats and crises,"

Confident that a body of water which can be the home of fish, as well as encourage the development of other forms of agriculture will allow for economic development in the region reducing dependency on the Nile, unemployment, and rural poverty,

- 1. Recommends the development of the Qattara by mining the salt of the lower portions of the Qattara Depression, building a berm around the newly created fresh water march and planting a combination of highly flood tolerant algae, ground covers, and woody plants;
- 2. Further recommends the harvesting of the salt water in the flooded berms by a series of seawater green houses;
- 3. Additionally suggests that profits from the saltwater greenhouses go directly to help remedy the budget deficit of Egypt;
- 4. Requesting the Food and Agriculture Organization of the UN to assist in the development, implementation, and funding of the project.

To Extend and Expand the International Commission Against Impunity in Guatemala (CICIG) Before Expiration in 2017

The General Assembly,

 Recognizing that government corruption is a major issue in Guatemala and many other UN countries,

Observing The International Commission Against Impunity in Guatemala (CICIG) has helped in stopping corrupt officials. Their mission is to strengthen national judicial institutions and allow them to continue confronting illegal groups while eliminating organized crime in the future,

Fully aware criminal groups have infiltrated state institutions, fostering injustice and undermining democratic gains in Guatemala since the end of the country's civil war in the 1990s,

Bearing in mind that the former President of Guatemala, Otto Perez Molina, resigned and was arrested along with over a dozen government officials in 2015 after an investigation into the "La Linea" (The Line) case,

Global Guidance to Eliminate Nuclear Weapons

The General Assembly,

Since 1945 when the first nuclear weapons were dropped there have been over 2,000 nuclear testings. The UN estimates that there are still 22,000 nuclear warheads left in the world. These weapons don't just kill people, they destroy environments,

It is a basic human right to live without having to fear that one's entire way of life is being threatened. In 2009 the UN reaffirmed the 1970 Treaty on Non-Proliferation of Nuclear Weapons, (by a vote of 64/53), to disarm the world of nuclear weapons. Yet The United Nations Office For Disarmament notes that there are currently still 22,000 active nuclear warheads globally,

Bearing in mind the United Nations Treaty on Non-Proliferation of Nuclear Weapons and the continued international threat caused by the existence of nuclear weapons,

- 1. Calls upon the United Nations Conference on Disarmament to negotiate a Nuclear Weapons Abolition Treaty which prohibits the sale, construction and ownership of nuclear weapons of any sort, while simultaneously requiring that existing nuclear devices be destroyed completely;
- 2. Asks that the United Nations set the goal to abolish all nuclear weapons by the year 2025;

Deeply concerned with the lack of general health care in Italy as well as over 100 countries in the world, and its threat to the overall well being of citizens,

Emphasizing that all global citizens have the right to preventative medical care to lead productive lives in their communities,

Keeping in mind the Universal Declaration of Human Rights clearly states in Article 25 that "Everyone has the right to a standard of living adequate for the health and well-being of himself and of his family, including food, clothing, housing and medical care and necessary social services, and the right to security in the event of unemployment, sickness, disability, widowhood, old age or other lack of livelihood in circumstances beyond his control,"

Alarmed by the over 500 hostages taken from over 18 countries each year associated with Maritime Piracy,

Having examined the steps taken by Japan to combat Maritime Piracy including the deployment of two additional destroyers to their fleet limited post World War II Disarmament Treaties,

Constructing nuclear waste vaults across the European Union.

The General Assembly,

 Persuaded that the use of nuclear power and nuclear waste that comes from it, is a detrimental threat to humanity, especially across the EU,

Recalling that the mismanagement of nuclear waste would contribute to the deterioration of physical well-being of humans, as declared in UN Resolution 1373,

Restating that any mismanagement of nuclear waste would be a violation of the Charter of the United Nations and a crime against mankind, as declared in its resolutions,

Aware that steps taken by the United States of America and certain EU Nations toward the proper containment of nuclear waste and improving the lives of people whose daily lives are threatened by unhealthy climate can contribute towards the goal of reducing the amount of mismanaged nuclear waste,

Keeping in mind UN Security Council Resolution 1373 adopted in 2001 on how nuclear waste is shipped and managed,

#### An Attempt to Combat Childhood Poverty in Luxembourg

The General Assembly,

Seeing that in the country of Luxembourg and all over the world, childhood poverty is on the rise; especially in industrialized nations- and is being majorly ignored,

Keeping in mind the United Nations goal to eliminate poverty as seen in the Universal Declaration of Human Rights- Article 22, "Everyone, as a member of society, has the right to social security and is entitled to realization, through national effort and international co-operation and in accordance with the organization and resources of each State, of the economic, social and cultural rights indispensable for his dignity and the free development of his personality,"

Bearing in mind that the UN's released budget for 2017 shows \$4,313.83 million going towards combating poverty- but no money specifically allocated for combating childhood poverty,

Emphasizing that 12.3% of Luxembourg's children live in poverty, compared to the global average of 11.5% and that Luxembourg is ranked 23/35 countries in the European Union- in regards to the level of childhood poverty,

Recalling the powers of the United Nations, a new committee will be created to combat childhood poverty,

- Calls upon to UN to name the committee "UN Committee on Childhood Poverty" and will be a joint committee combining The UN Committee on the Rights of the Child and the UN Economic Second Committee;
- 2. Encourages 8 members from the Committee on the Rights of the Child, and 8 members from the Economic Second Committee to be taken to the new committee, for a combined total of 16 members;
- 3. Recommends that the members on the committee will be from countries with both high levels of childhood poverty, and low; to induce cooperation among the nations;
- 4. Further recommends that the budget for this committee be taken from the budgets of the Committee on the Rights of the Child and the Economic Second Committee- and to allow the members to disperse the funds as deemed necessary.

Increasing Infrastructure in Mauritania and other African Countries

The General Assembly,

Deeply concerned that Mauritania as well as many other developing countries suffer from a lack of infrastructure such as roads, railways, ports, communication, energy, and clean water solutions,

Noting that Mauritania has a Gross Domestic Product (GDP) of \$16.71 Billion making it ranked 151 in comparison to the rest of the world,

Believing that infrastructure improvements can change economies, create jobs, and improve health,

Conscious that countries with low GDP are unable to create the infrastructure needed to sustain the minimum standard of living,

Recognizing that Goal 9 of the United Nations Charter is Industry, Innovation, and Infrastructure,

- 1. Calls upon the United Nations General Assembly to require that a special contribution of .001% of GDP from the top 10% of nations be made to create a United Nations Directed Infrastructure Fund (UNDIF);
- 2. Requests that the UNDIF approve and finance infrastructure projects in countries that are ranked in the bottom 20% of GDP.

Resolution on the Reduction of Single-Use Plastic Bags

The General Assembly,

Recalling the concern expressed in the Draft Resolution UNEP/EA.1/L.8 on Marine Plastic Debris and the serious impact which marine litter including plastics stemming from land and sea-based sources can have on the marine environment, fisheries, and potential risks to human health,

Recognizing that plastics are a rapidly increasing international problem due to their large use, that scientists estimate every square mile of ocean contains approximately 46,000 pieces of plastic floating in it (UNEP), that a single plastic bag can take 500 years to degrade, and that plastic breaks down into micro-particles which are a hazard to human health and have been found in fish, shellfish, and birds,

Recalling the United Nations Sustainable Development Goals 12 and 14, of the 2030 Agenda for Sustainable Development, to commit to conservation and sustainable use of our shared natural resources, and ensure sustainable consumption,

Taking note that billions of plastic bags end up in nature as untreated waste; for example, the United States goes through 100 billion plastic shopping bags annually at an estimated cost of \$4 billion dollars per year,

Noting the international action being taken by the European Union to drastically reduce the consumption of single-use plastic bags,

- 1. Encourages nations to enact legislation to reduce consumption of plastic bags;
- 2. Urges cooperation of Governments and the private sector to promote the efficient use and management of plastics, drawing attention to the proven method of reduction of a fee per bag collected by retailers at the point of sale;
- 3. Requests the Executive Director of the UNEP to support countries which request help in the development and implementation of national or regional action plans to reduce plastic bag waste and consumption.

The General Assembly,

Deeply concerned that Africa is currently experiencing some of the severest droughts in the world that are increasing in frequency and spreading to new areas,

Alarmed by the fact that 80% of Morocco is prone to desertification,

Noting with deep concern that the increased salinization of the soil in Morocco has led to increase of irrigation and further depletion of water resources which has then led to the drying of wetlands, displacement of animals, and loss of biodiversity. The harvesting of heavy metals has also exacerbated this problem by contaminating water sources and causing land erosion,

Recalling that the United Nations created the Convention to Combat Desertification (UNCCD) in 1994 with the goal of forging a global partnership to reverse and prevent desertification/land degradation and to mitigate the effects of drought in affected areas in order to support poverty reduction and environmental sustainability,

Bearing in mind that desertification is a type of land degradation in which a relatively dry land region becomes increasingly arid, typically losing its bodies of water as well as vegetation and wildlife,

- 1. Calls upon the Convention to Combat Desertification (UNCCD) to conduct a project to restore the ecosystem of Morocco and surrounding countries in Africa by holistic management and planned grazing;
- 2. Seeks the UNCCD to plant leguminous plants, shrubs, and trees to provide nutrients in the desert region;
- 3. Further seeks the UNCCD to increase cattle and goats by 400% and integrate them with native animals;
- 4. Designates the United Nations Environmental Program (UNEP) to hire leaders and provide holistic management training to those leaders for each participating country;
- 5. Requests the UNCCD to report to the General Assembly to discuss a budget for this project which will not only reverse the effects of desertification, but will also improve poverty levels and health.

Preventing human trafficking with witness protection services.

The General Assembly,

Seeing as many countries such as Myanmar have problems with child soldiers and forced labor caused by human trafficking,

Recalling that the United Nations defines human trafficking as the acquisition of people by improper means such as force, fraud, or deception with the aim of exploiting them,

Further reminding the ambassadors of the Kentucky United Nations Assembly t hat the United Nations resolutions 11/3, 63/156, 63/194, and 8/12 have already been passed by the GA in the past ten years,

Recognizing that United Nations resolutions 11/3, 63/156, 63/194, and 8/12 are resolutions only helps protect the human rights of people but does not prevent human trafficking from happening,

Recognizing that the United States' Witness Protection Program has protected 8,500 witnesses and 9,900 of their family members since the program started in 1971,

Deeply concerning that citizens of Myanmar are being sent to many different countries such as Thailand and Malaysia where they are being subjected to forced labor and/or sex trafficking,

Recalling that the United Nations Convention Against Transcontinental Organized Crime and the protocol to prevent, suppress, and punish trafficking in persons, especially in women and children define human trafficking as crimes against humanity,

Recognizing that the offenders are in violation of Article 4, Article 5, Article 13, Article 16, Article 20, Article 24, and Article 25 of The United Nations Declaration of Human Rights,

- 1. Accepts that the United Nations protects and assists the victims of human trafficking; however, we propose a new witness protection program for these victims and persons with credible knowledge about the human trafficking;
- 2. Requests a separate agency to process and carry out the responsibilities of this witness protection
- 3. Accepting that this protection program and agency will need funding which will come through The United Nations Trust Fund for Victims of Trafficking and the United Nations Office on Drugs and Crime;
- 4. Recommends that the current protocols should still remain in place in conjunction with this protection program and agency;
- 5. Emphasizes the fact that human trafficking is considered a form of terrorism by the United Nations, which is a capital offense. These capital offenses carry the death penalty which means that the offenders will face these punishments.

Calling for 30% reduction in carbon waste by top five carbon emissions producers by 2035

The General Assembly,

Seeing as China, the United States, the European Union, India, and the Russian Federation are the top five producers of carbon emissions in the world,

Recognizing that the Earth's temperature has increased by 0.8°C (1.4°F) since 1880, according to the NASA Earth Observatory, climate change is a critical global issue in dire need of a solution,

Emphasizing that a continued rise in temperatures will lead to eventual submersion of countries below sea level, as well as drastic climate changes, eventually resulting in an uninhabitable biosphere,

Observing that the first effort in forming an agreement between countries to reduce greenhouse gases in the Earth's atmosphere was the KYOTO protocol, signed in 1997 in Kyoto, Japan,

Seeing as the KYOTO Protocol resulted in a 12.5% decrease in global carbon emissions between 1997 and 2012.

Deeply concerned that the 5 major producers of carbon emissions will continue to produce dangerous levels of carbon as a result of their expanding industries in the next 10 years, therefore emitting more carbon waste into the atmosphere,

- 1. Urges that China, the United States of America, the European Union, Russia, and India decrease their annual carbon emissions by 30% by 2035;
- 2. Requests that the UNEP (The United Nations Environment Programme) measures carbon emissions per each country addressed by this resolution annually until 2035;
- 3. Authorizes that this will go into action after the UN meeting in September 2019;
- 4. Cautioning that for every half percent of emissions not reduced, countries must pay \_% of manufactured products up for export to the UNEP;
- 5. Establishing that in order to maintain enforcement with payment, the UNEP will warn countries when an efficient reduction has not been met.

Conscious that in Saudi Arabia women only make up 18.6% of the labor force according to the International Labor Organization, and according to Sharia Law, a woman may not expose her body to man who is not her husband. Conscious that China, the United States, and Vietnam are taking steps to increase the population of these endangered species,

Bearing in mind the opinion of Achim Steiner, Director General of the International Union for Conservation of Nature and Natural Resources, at the World Summit on Sustainable Development in Johannesburg, South Africa on August 30th, 2002, who focused on an ecosystem approach and sustainable use of natural resources as fundamental pillars to achieve improved environmental management,

To create a program to utilize the substantiated proliferation of cell phones to educate the youth, in tandem with adults.

The General Assembly,

 Tanzania is one of the poorest 15 nations in the world with a growing population. 80% of the population live in rural areas and agricultural production has not increased in the last several decades.

Literacy rates are some of the lowest. Mobile phone device usage has soared 40-fold in Tanzania, like so many countries in the world,

Mobile phones with Internet access could be used to set-up an entire educational platform, including educating youth about more efficient agricultural practices and learning more efficient processing of food and agricultural products, alongside an adult program,

Furthermore, it can save lives by teaching basic sanitary skills, increasing reading rates, and educating citizens about voter rights and politics,

Cell phones could be used as a very cheap method to help solve the large poverty rate common among Tanzanians

- 1. This cell phone educational initiative will receive an annual funding of three million dollars, more if necessary. This money will be provided by the United Nations Educational, Scientific and Cultural Organization (UNESCO), the Food and Agricultural Organization (FAO) and the International Fund for Agricultural Development (IFAD) and Economic Social Council (ECOSOC). Private donations will be solicited to augment additional co-funding of this initiative. The Bill and Melinda Gates Foundation, Compassion International, and ECHO will be approached, as well as other international foundations. The initiative would serve as a pilot program for all neighboring countries in Africa. It could later be expanded as a model for all developing nations. The money will never touch any government hands and will only be overseen a board of directors, appointed by IFAD to include local representation.
- 2. The funds will be provided for the procurement, transportation and training of educators. This capital could also be used for Wifi infrastructure where needed, to enable widespread mobile phone usage.
- 3. The program will be formed immediately after passage.

Deeply concerned that sex trafficking, particularly of the underage, continues to grow,

Observing the impact that technology can have on the growth of sex crimes,

Aware that complex local legislation issues, as well as lack of corporate cooperation, can allow for an increase in sex crimes,

Bearing in mind that independent experts or special rapporteurs are appointed by the UN Human Rights Council to examine and report back on a specific human rights theme,

Aware that the positions are honorary and the experts are not UN staff, nor are they paid for their work,

- 1. Calls upon the UN Human Rights Council to find and appoint suitable independent experts to address the issues of Local Legislation in Southeast Asia, Global Social Media Companies, and Major Internet Providers as they relate to child sexual exploitation;

The General Assembly,

Concerned that only half of all refugee children currently have access to primary education,

Bearing in mind that an inclusive and quality education is a basic human right preserved in the 1989 Convention on the Rights of the Child and the 1951 Convention Relating to the Status of Refugee,

Confident that equal access to a rigorous education leads to the empowerment of women, a global prosperous economy and economic equality,

Considering that all refugees are granted the same treatment as is accorded to nationals with respect to elementary education in Article 20 of the 1951 Convention Relating to the Status of Refugees,

Recognizing efforts underway by the Education Above All (EAA) Foundation, the United Nations High Commission on Refugees (UNHCR), and several other non-governmental organization which have focused on providing education for refugees in the Middle East; the UNHCR's higher education scholarship program, DAFI, has supported an average of 1,000 scholars per year in the past fifteen years,

Recalling resolutions 55/63 of 4 December 2000 and 56/121 of 19 December 2001 on establishing the legal basis for combating the criminal misuse of information technology,

Conscious of the foreign acts that are currently restricting legal United States adoptions,

## **Kentucky United Nations Assembly**

Disease caused by unclean drinking water kills more than 3.75 million people every year – and nearly half of them are children under five years old.

WaterStep installs water treatment plants that supply developing communities with access to safe, clean water.

By holding a WaterStep Shoe Drive, you'll help fund water projects that save hundreds of thousands of lives in the world's poorest countries.

## Safe drinking water shouldn't be a luxury.

Worldwide, **884**million people suffer without any access to safe water.

Nearly **5,000**children perish each day due to diseases caused by unclean water.

over 2.2 million
people could be saved

## Donating Shoes is Simple.

Gather up pairs of shoes you no longer wear. Ask your friends and family to pitch in.

Tie the laces, and drop them into a collection bag at a shoe drive or drop-off location.
