YOUTH DEVELOPMENT AT THE YMCA

Kentucky YMCA Youth Development is the **social-emotional, cognitive, and physical** process that all youth uniquely experience from birth to career. A successful development process fulfills children and teens' innate need to be loved, spiritually grounded, educated, competent, and healthy.

Positive youth development is supported by the intentional efforts of individuals, including parents, mentors, teachers, community members, peers, and others who help foster the skills needed for successful living through motivation, active engagement, enriching activities, and healthy relationships.

DIMENSIONS OF WELL-BEING

At the Y, we support youth development by fostering nine dimensions of well-being: Character, Giving, Inspiration, Health, Achievement, Relationships, Belonging, Meaning, and Safety.

Youth Development at the Y emphasizes three of these dimensions when measuring the impact and effectiveness of our programs:

Achievement
Relationships
Belonging

THE FIVE PILLARS

To help ensure the fidelity and quality of our YMCA teen programs, we measure and seek to maximize impact using the following pillars:

Academics
Positive Relationships
Positive Identity
Life Skills
Civic Engagement (Youth and Government*)

*Each YMCA teen program has a unique pillar of measurement. As a Youth and Government program, the Kentucky YMCA and our Student YMCA Chapters measure civic engagement.

**KENTUCKY YMCA YOUTH ASSOCIATION
KENTUCKY UNITED NATIONS ASSEMBLY (KUNA)
STUDENT CODE OF CONDUCT AND DRESS CODE**

The purpose of this Code of Conduct is to identify personal behavior that is consistent with the purpose and objectives of the Kentucky YMCA Youth Association. The items within the Code are designed to protect the welfare of the program for current participants and future generations. A participant's personal behavior reflects upon one's self, one's Student YMCA, and the Kentucky YMCA. Registration in any Kentucky YMCA conference program indicates personal acceptance of the Code of Conduct. Any student sent home for violation of this Code will be at the expense of parent or guardian.

EXPECTATIONS OF PARTICIPANTS

1. Each delegate shall conduct himself/herself in an orderly and responsible manner before, during, and after all functions of the Kentucky YMCA conference programs.
2. All participants share the responsibility for their actions equally when violations of the Code are witnessed. Those who choose to be present when a violation occurs and do not immediately act to remedy and report the violation shall, by their own choice, be considered participants in the violation. In relation to this Code, there are no "innocent bystanders."
3. No delegate shall participate in discrimination or harassment of any other participant. This includes protection on the basis of race, ethnicity, religion, gender identity or expression, sexual orientation, or socioeconomic status.
4. No delegate shall leave a Kentucky YMCA function unless the approval of his/her advisor AND the director of the program is secured. The delegate must be picked up and returned by a parent or legal guardian who must take responsibility for the delegate in writing.
5. Each delegate is legally and financially liable for the removal, defacing, or willful damage to public or private property. Any act of vandalism, destruction of property, or misuse of a facility may be a crime and will be treated as a potential criminal violation.
6. Food (including gum and candy) and beverages other than water (including those sold by the hotel) are not permitted in any meeting sessions.
7. Cell phones, music players, or other wireless communications devices are not to be used during any meeting session.
8. The use of tobacco products, burning of incense, possession of alcoholic beverages, and the use of legal or illegal drugs not in accordance with a prescription is forbidden at any Kentucky YMCA function.
9. Youth delegates may not enter rooms other than those assigned by the Y-Staff or advisor.
10. Physical intimacy between participants of any gender is inappropriate at all times while at Kentucky YMCA Youth Association Programs and is prohibited.
11. All delegates shall be in and remain in their assigned rooms by scheduled curfew and doors shall remain closed until scheduled end of curfew.
12. Badges shall be worn ONLY by the individual whose name is on the badge. Badge switching or sharing is strictly prohibited. Participants will wear their assigned badges at all times when they are not in their sleeping rooms, and must be visible at all times. Badges are to be worn around the neck and are not to be defaced, decorated, or altered in any way. There may be a charge for replacement badges.
13. Unless there is a fire, participants will not pull the fire alarm. Pulling a fire alarm is a serious offense, and any participant who does so will be held financially and potentially criminally liable. Hotel alarms automatically summon the fire department and create a great inconvenience and fear for the hotel and other guests.
14. Use of personal vehicles by students during Kentucky YMCA conferences is strictly prohibited.
15. Weapons of any kind and items that could cause injury or damage to participants and/or property are strictly forbidden.

VIOLATION OF EXPECTATIONS

All violations of this code of conduct are to be brought to the attention of the Y-Staff. Participants found to be in violation of the above expectations will be subject to disciplinary actions at the discretion of advisors and the Y-Staff including but not limited to: calls to parents/guardians; incident report filed; participant sent home; school policies implemented. If state or federal law is broken, Y-Staff will notify parent/guardian and law enforcement and participant will be sent home. At all times the Y-Staff reserves the right to alter disciplinary actions at their discretion.

ROOMING POLICY

I understand that conference delegates are typically housed four (4) to each room and that in order to participate in this program; I must share a room and bed with at least one other student of the same sex from my delegation. I may be roomed with students of the same sex from another delegation, in which case I will not share a bed with a person from another delegation. I further understand that I may not room with anyone other than YMCA conference delegates -- not an advisor, parents, or other relatives -- without expressed notarized* parental consent (*notarization only required if student rooms with adult other than parent/legal guardian), and permission of Executive Director of the Kentucky YMCA. I also understand that I may not room alone.

REFUND POLICY

I understand that all fees are non-refundable. In the case of extenuating circumstances, a portion of the payment may be refunded by action of the Executive Director based upon written request from the student or parent.

PARTICIPANT DRESS CODE

KUNA is a professional development experience. While at KUNA, students are expected to abide by the following dress code. Conference name badges are part of this dress code and must be worn for all conference functions. Anyone not in compliance with the dress code may be asked to change clothes. Advisors will be notified of any violations. Kentucky YMCA staff reserves the right to consider removal of Delegation of Excellence from any delegation with three (3) or more reported dress code violations. ***Dress code will be enforced by delegation advisors.***

Resolution # Country Topic Notes for speeches and questions

BE A BETTER DEBATER!!! READ THESE HELPFUL HINTS AND TIPS:

- **ALWAYS ADDRESS THE CHAIR!** “Harry Potter, Hogwarts, Sir/Madam Chair.”
- **TECHNICAL QUESTIONS**
 - READ the resolution before you decide on your question.
 - DON'T ask questions that are already in the resolution.
EX: “When will this resolution go into effect?” and “How much will this resolution cost?” are usually answered in the Body of the resolution.
 - DON'T ask questions that begin with “Why...?” These are almost always debatable.
- **WHAT YOU MAY DO DURING PRO / CON DEBATE**
 - Each time you are recognized, you may do **ONE** or **TWO** of the following things:
 - Ask the sponsor(s) a technical question about the resolution
 - Ask the sponsor(s) a debatable question about the resolution
 - Give a speech for OR against the resolution
 - Yield your remaining time to another delegate
 - If you would like to Ask a Question (or a series of 2 questions), when you are recognized, say:
“**Will the sponsor(s) yield to a question (or `series of questions`)?**”
 - If you would like to Speak or Yield Your Time after Asking a Question, you should say:
“**And I reserve my right to speak (or `yield my time`) afterward.**”
 - If you would like to Yield Your Time after Speaking, you should reserve your right to do so after addressing the chair.
EX: “Harry Potter, Hogwarts, Madam Chair. I reserve my right to yield the remainder of my time to Delegate Smith from Central Middle.”

1 Conserving Marine Life By Implementing Artificial Reefs

2

3 The General Assembly,

4

5 Emphasizing the importance of marine life to human and environmental survival,

6

7 Recognizing that, according to the National Oceanic and Atmospheric Administration (NOAA), "an artificial reef

8 is a manmade structure that may mimic some of the characteristics of a natural reef",

9

10 Understanding the UNCLOS III sea treaty, which articulates that each state's ability to use the high seas and

11 manage natural marine resources,

12

13 Taking note that the UNCLOS III affirms each state would have power over a 200 nautical mile zone from their

14 coast,

15

16 Fully aware that if UNCLOS III were to be overlooked, there wouldn't a chance for each nation to preserve and

17 protect their local marine environment,

18

19 Mindful that 25% of all marine life inhabits coral reefs, with approximately 2,270 species listed as endangered

20 or threatened such as South Atlantic sturgeon, vaquitas, atlantic salmon, sawfish, and various corals.

21

22 Acknowledging that to date we have explored less than 5% of the ocean with marine life that could possibly

23 affect the ecosystem on the surface,

24

25 Recalling the UN's statement on the 24th of May, 2016, from the UN's coral reef unit,

26 "There has been unprecedented coral bleaching on the northern and central Great Barrier Reef, one of the

27 world's most iconic reefs and a world heritage site. Bleaching in the central Indian Ocean is also severe, in the

28 Maldives, Sri Lanka and in the Lakshadweep islands of India, where up to 100 per cent of corals are bleached in

29 some locations. Many will not survive," coral bleaching occurs when coral is put under stress due to an extreme

30 change and expels the algae in their tissues turning it white, and killing the coral,

31

32 Keeping in mind that with an expansion of critically endangered marine life, the oceanic economy and/or

33 environment will have a steady increase,

34

35 1. Requests the UN to donate any obsolete military hardware, steel shipping containers, and vehicle tires

36 or aircraft wreckage for the construction of artificial reefs;

37

38 2. Seeks further assistance to construct artificial reefs globally, to shield numerous severely endangered

39 species, and bolster critically populated areas that aren't landlocked;

40

41 3. 3. Informs that if UNCLOS III would be abided by, each nation could help maintain their nautical and

42 territorial boundaries, and support marine industries.

Increasing the Population of Elephants in Chad

1
2
3 The General Assembly,
4
5 Reaffirming an unfortunate truth that animals are killed due to poaching,
6
7 Recognizing with deep concern that the population of elephants in Chad decreased from 4,000 elephants in
8 2006 to only 450 today,
9
10 Bearing in mind that elephants aren't the only species today that are involved in poaching,
11
12 Alarmed that in 2013, 86 elephants were killed including 33 pregnant female elephants for their ivory,
13
14 Deeply concerned, during a time span of four years, no elephants were being born due to poaching, which is a
15 sign of herding stress,
16
17 Deeply concerned, if this rate of poaching continues without intervention, elephants could become extinct,
18
19 If poaching in Chad stopped, other countries around the world could help by following Chad's example. The
20 continent of Africa could work as a team to look into stopping poaching in general. This proposal will not work
21 unless we have the full support of everyone involved,
22
23 1. To prevent poaching in Chad and possible other countries in Africa, pink dye (dye-pack) would be
24 injected into the tusks of elephants to deter poachers. The dye is poisonous to humans causing severe
25 sickness, but is nonfatal. In addition to contaminating the ivory, the dye can be detected by airport
26 scanners when ground into a powder. When poachers try to transport the tusks, the airport detectors
27 will discover them;
28
29 2. Criminals caught with ivory tusks will be subject to prosecution and a fine. The money received from
30 fines will finance this initiative;
31
32 3. If this proposal goes into action on May 16, 2017, we could help save elephants' lives from extinction.

The General Assembly,

Alarmed by the fact that only 23.2% of women in the DRC completed both first and secondary school, while the percentage of men is almost twice as high. School for women is more expensive than school for men, and it has way worse quality. Many parents don't even send young girls to school, they think that educating someone of the female sex is useless, because they will only become housewives anyway. This shows how unfairly women there are treated; even in components of our everyday life,

Knowing that rape is unjust and unfair, the reasons men rape in the DRC are horrible. These include a way to control territory and resources, to humiliate, to silence, or anger people, and to have control and power over communities. They feel that rape will give them an advantage over everyone else, and will make everyone respect them,

Deeply concerned, about the 400,000 women raped between 2006 and 2007. As a further note, this averages out to four women raped every five minutes. We believe the "normal" status rape is given in the DRC is unjust, and must be stopped,

Knowing that HIV has always been a problem in the DRC, the numbers are now extremely alarming. Over 60% of the women raped there have developed HIV or other diseases,

Horrified, that even government officials and soldiers like the Mai Mai government soldiers rape. One Mai Mai soldier said, "Women cook, clean and give birth, that is their main purpose." He also said that not getting married or not getting pregnant can "affect a woman's sanity,"

Deeply disturbed that so many women are enslaved for labor or rape in the DRC. Men also make money off of marrying young women against their will,

Recognizing that rape in the DRC would be a crime against humanity, as stated in human rights resolutions 17/18 and 18/20,

1. Urging that rape offenders against women in the DRC should be punished with seven years jail time;
2. Encourages that a 10 year sentence of jail time and a \$500 fine is put on anyone caught selling or bartering for women and girls to be used as sexual or labor slaves;
3. Recommends that the DRC should institute a system to record all men who have committed rape, so that if a rape offender moves into a new home, all neighbors within a two mile radius will be notified by the authorities.

The General Assembly,

Alarmed by the fact 211 million children in Liberia under the age 15 are overworked every day,

Bearing in mind this is a violation of human right number 26, which is the right to education, human right number 3 and 6,

Emphasizing that the minimum working age set by the International Labour Organization is 12 for light work and most of the kids are the age of 12 doing hard work in the fields collection large buckets of rubber,

Reaffirming the National Consumers League shows what products that have been made by a child laborer, then they might not buy the product,

Bearing in mind that Grace Abbott once said "Child labor and poverty are inevitably bound together, and if you continue to use the labor of children as the treatment for the social disease of poverty, you will have both poverty and child labor to the end of time." and, "Sixty two percent of school-going children in Liberia miss out on a primary education, the highest in the world, according to the UNICEF in its first out-of-school rankings released in September 2016,"

1. One way to to prevent child is to not use companies that use child labor and we need to shut down;
2. One way child labor can be prevented is by creating an app that has a database of all of the companies that use child labor. This app would be used to search any product and identify whether it was made with child labor;
3. Companies that produce products created with child labor will be be banned. All nations will be encouraged to boycott such goods;
4. Liberia will have more surprise inspections for companies.

Convention on the Prohibition of the "Gag Law"

- 1
2
3 The General Assembly,
4
5 Convinced that the "Gag Law" will invade the citizens of Spain's constitutional rights if passed,
6 Recognizing that this law would limit the right to assemble and freedom of the press as declared in resolutions
7 71/194, 70/161, and 68/240,
8
9 Declaring that the passage of the "Gag Law" would violate article 19 of the Universal Declaration of Human
10 Rights,
11
12 Confident that opposing conference members and international protesters are taking steps toward eliminating
13 the "Gag Law" to ensure that all citizens civil rights are protected,
14
15 Viewing with appreciation the advisory statement of the United Nations Foundation of 25 January 2017 on the
16 opposing opinion toward the law,
17
18 Determined to achieve an international agreement to prohibit the further development, and veto of the "Gag
19 Law,"
20
21 1. Calls upon the international relations to commence a negotiation in order to reach an international

- 1 Establishing safe havens in nine Middle Eastern countries under pressure of terrorism and mass prejudice
2
- 3 The General Assembly,
4
- 5 Convinced that journalists and refugees across the countries Pakistan, Afghanistan, Jordan, Lebanon, Syria,
6 Turkey, Iraq, Iran, and Saudi Arabia are being prosecuted by radicals who attempt to harm them because of
7 their race or beliefs,
8
- 9 Recalling that the Universal Declaration of Human Rights gives everyone the right to many freedoms that
10 countries have adopted, and within these are the way to believe freely and for every one to be equal,
11
- 12 Reaffirming that journalists are in danger due to the fact that they believe differently or that they belong to a
13 different race is a violation of the Universal Declaration of Human Rights,
14
- 15 Realizing that steps taken by the United States of America and the United Nations organizations to build safe
16 havens in these countries can contribute to protecting these people,
17
- 18 Determined to achieve a convention on establishing safe havens in Afghanistan, Jordan, Lebanon, Syria, Turkey,
19 Iraq, Iran, and Saudi Arabia,
20
- 21 1. Calls upon the FAO(Food and Agriculture Organization) and UNHCR(United Nations High Commissioner
22 for Refugees) to help fund the building and up keep of the safe havens, the building and the first year
23 will cost an estimated amount of 60 million, and every year up keep will be an estimated 5.6 million.
24 This estimate may increase or decrease do to unforeseen factors;
25
 - 26 2. Recommends building a total 28 safe havens: 2 in Pakistan, 2 in Afghanistan, 2 in Jordan,, 4 in Lebanon,
27 3 in Syria, 3 in Turkey, 5 in Iraq,2 in Iran, and 5 in Sadia Arabia;
28
 - 29 3. Authorizes having United Nations Peacekeepers guard the safe havens. They will protect and keep
30 order;
31
 - 32 4. Encourages creating irrigation systems to provide water and food to these safe havens so that they do
33 not have to rely on supplies from the United Nations alone, and will have a more stable society in these
34 safe havens as a result;

Observing that Mongolia is ranked 73rd in the world among suicide deaths,
Deeply concerned that suicide rates in Mongolia continue to increase by .5% every year,
Emphasizing that certain areas tend to be “hot spots” for suicide, or locations where suicides tend to be concentrated,
Deeply disturbed by the global increase in suicide, especially among adolescents,

The General Assembly,

Deeply concerned that 27 million people around the world have drug related disorders and more than 400,000 people die each year due to drug related issues,

Alarmed by the amount of people who abuse drugs in the UK and northern Ireland,

Guided by Juan Manuel Santos' Nobel Peace Prize acceptance speech to call for the world to "rethink" the war on drugs,

Convinced that drug abuse can be prevented and dependency on narcotics can be treated successfully,

Convinced that crimes related to drug production and distribution can be diminished and individuals dependent on drug production for income will choose alternative livelihoods when legal methods are made available,

An Act to Eliminate Child Abuse by Religious Figures

1

3 The General Assembly,
4

11 religious leaders and require psychological treatment to recover from such abuse,
12
13 1. Urges the United Nations to establish harsher consequences for child sexual abuse offenders to be

1 A resolution to increase awareness of human trafficking among women and children
2
3 The General Assembly,
4
5 Deeply disturbed that between January and June 2013 there were 19 reports of children being sexually
6 exploited for commercial purposes in our country,
7
8 Alarmed by the fact that one in every three Costa Rican children are sexually abused, and that children as young
9 as five are prostituted,
10
11 Emphasizing that around 70 percent of females are trafficked and 50 percent are children,
12
13 Noting with deep concern that human traffickers lure woman and minors into custody by giving them false job
14 offers, using dating apps, messaging through social media and drugging at social events,
15
16 Keeping in mind that the Costa Rican government has formed a prosecutorial unit for human traffickers;
17 however, this attempt has not been enough,
18
19 1. Calls upon UNICEF to encourage sustainable development goals in educational institutions to inform
20 minors of the dangers of human trafficking;
21
22 2. Request that the Coalition Against Trafficking of Women (CATW) would do the same in woman's center
23 for women of all ages;
24
25 3. Urges Costa Rican Police Forces to hold a higher level of accountability among their members for
26 overlooking human trafficking;
27

1 Convention on Allowing Non-Sovereign Countries Partial Membership in the United Nations
2
3 The General Assembly,
4
5 Convinced that peoples with their own national heritage around the world are being silenced by not being
6 allowed to have their voices heard as members to the UN,
7
8 Recalling and Reaffirming that Article 15 of the Declaration of Human Rights states: "Article 15. (1) Everyone
9 has the right to a nationality; (2) No one shall be arbitrarily deprived of his nationality nor denied the right to
10 change his nationality,"
11
12 Emphasizing as an example that Kurdistan was meant to be independent in 1920, but has since seen its people
13 become an oppressed minority in 4 countries (Iraq, Turkey, Syria, Iran), even though Kurds are the 3rd largest
14 ethnic group in the region with 30 million people,
15
16 Further conscious of efforts of the US to recognize the Republic of Kosovo in 2008 from the former Yugoslavia,
17
18 Noting further that states such as Scotland and Wales were once independent for hundreds of years and still
19 retain their own languages, customs, heritage, flags, government entities, and even national sports teams
20 recognized by world sporting bodies in soccer, rugby, cricket, and many more,
21
22 Noting Further that nations such as Scotland, Wales, Kurdistan, Taiwan, Puerto Rico, etc, should have their
23 people's voices heard in the United Nations,
24
25 1. Calls upon the United Nations General Assembly to adopt the following plan:
26 None of these states will be granted full membership since they are not independent or sovereign.
27 A non-voting member status would be granted, and representatives from these places would be free to
28 speak and bring attention to issues important to their people.
29 Must have their own distinct heritage and culture that is easily recognized as "different" than the rest
30 of the country for which they are a part of.
31 Must have their own distinct language or dialect.
32 Must have a recognized historic flag or symbol.
33 Must have some sort of self-governance.
34 Must have at one time in history been an independent nation for a long period of time;
35
36 2. Declares accordingly that these non-voting members would not be permitted to raise the issues of
37 international recognition or separation from the states with which they are a part of, nor would rebel
38 groups participating in a Civil War be granted membership;
39
40 3. Encourages the General Assembly to be willing to hear the voices of those who may not be able to

1 An act to allow Peace Corps volunteers to teach water purification in Djibouti.

2
3 The General Assembly,

4
5 In Djibouti there is a major problem with water sanitation. The country is in essence a barren dessert wasteland.
6 68.75% of drinking water in Djibouti is polluted. Our proposal will end up sending the Peace Corps to Djibouti to
7 help figure out how the natives can purify water from polluted areas and the seas. Our plan is to use a
8 renewable or plentiful substance that can purify the water of polluted areas and the seas around Djibouti,

- 9
10 1. As of now the Peace Corps have never helped Djibouti. Sending volunteers could spark a reaction to
11 helping with the poverty, the economy and other problems. After other countries see this they may
12 reach out to the Peace Corps for help as well. It may shock you but many countries don't take help
13 because they worry in the end it may be harmful;
- 14
15 2. Our plan is to send in the Peace Corps to teach Djiboutians how to purify water. Our hope is that
16 action will have a positive global reaction to where the Peace Corps are needed more thus needing more
17 jobs and having a greater global economy. The money needed for the Peace Corps to come is small, but
18 they are extremely good at what they do. Please help us to pass this proposal not for us but to help the
19 citizens of Djibouti survive.

1 Purchase of software called Spotlight created by Thorn to locate victims of human trafficking
2
3 The General Assembly,
4
5 Fully aware that human trafficking is the trade of humans either internationally or nationally for prostitution or
6 labor. This is unacceptable and has reached its peak in Lebanon,
7
8 Emphasizing that the software created by Thorn, Spotlight, has located over 6,000 victims of human trafficking
9 and is used by 780 agencies in the U.S. alone,
10
11 Noting further that Spotlight saves 60% of critical time needed to locate victims of human trafficking and
12 sexual exploitation,
13
14 Observing the Government of Lebanon does not fully cooperate with the minimum standards for the elimination
15 of trafficking, but is making notable efforts to do so. Despite these observations, the government has not
16 shown evidence of increased efforts to address human trafficking compared to the previous year; therefore,
17 Lebanon is placed on a Tier 2 Watch List for a fourth continuous year. With the purchase of Spotlight, human
18 trafficking statistics will tremendously lower,
19
20 Recalling 63% of victims of human trafficking were at one point advertised online,
21
22 Taking note that Spotlight is a very confidential software that only has specified details, such as the cost,
23 purchasers of the software, and the functioning of the software to federal and international agencies. More
24 information will be released to the UN when they have expressed their interest in Spotlight,
25
26 Confident Spotlight will give positive results due to current statistics and evidence,
27
28 1. Requests the UN Security Council to grant one million dollars toward the purchase of Thorn Spotlight
29 software to locate human trafficking victims;
30
31 2. Expecting the UN Security Council to pass the cost to the UN General Assembly for approval;
32

The General Assembly,

HIV (human immunodeficiency virus) is a deadly disease that poses a threat to Ghanaians, Africans, and people all around the world. This disease causes the human immune system to weaken exponentially. HIV, however, can be prevented through proper education. People have the basic human right to receive this education,

Globally, this epidemic affects around 37 million people a year. In Africa, less people have access to education needed to prevent HIV properly. Recalling the Sustainable Development Goal to eliminate HIV by 2030, we believe our work will help to reach this goal,

Steps taken by the UN and its members can contribute towards the goal of a complete elimination of HIV. We are determined to achieve an international convention implementing social programs and services to educate citizens about the prevention of HIV. Conscious of the work already taking place by several groups within our country to reduce it's impact, we are asking the UN to partner with them,

1. In order to accomplish this, we are asking the UN to consider financially supporting us to prepare and distribute education about the prevention of HIV. We are requesting government organizations and the Ghanaian government to participate in working with the UN to bring programs and services to Ghana;
2. To put these programs into place, we are asking for the assistance of the UN. With more information about how HIV can be prevented, the people of our country will develop better practices which will reduce the impact of this epidemic. Once the results of the programs take effect, other countries may follow in our footsteps;
3. We hope to inspire surrounding countries to bring educational programs about the prevention of infectious diseases to their people.

1 A Resolution To Build Rehab Centers In Thailand To Help End Drug Addiction
2
3 The General Assembly,
4
5 Initial drug use may be voluntary, but drugs have been shown to alter brain chemistry, which interferes with an
6 individual's ability to make decisions and can lead to compulsive craving, seeking, and over usage. This then
7 becomes a substance dependency. Seeing that drug dependency dramatically affects lives on a daily basis in our
8 country, it has impelled us to build awareness and a desire for prevention from this continuing,
9
10 Alarmed that worldwide drug dependency affects 208 million people with over 1.3 million people in Thailand
11 alone,
12
13 Further recognizing the reality that those 1.3 million individuals have not received any form of proper medical
14 care or treatment to improve their situation,
15
16 Noting that countering the world drug problem requires an integrated and balanced approach and must be
17 carried out in full conformity with professionalism by having treatment plans for those who cannot help
18 themselves,
19
20 Bearing in mind that the United Nations announced a package to strengthen community-based health services
21 for people who abuse drugs,
22
23 We are determined as a group to achieve holistic improvement for citizens in our country who have fallen prey
24 to drug dependency and allowed those substances to consume their lives,
25
26 With a united spirit and vision to eradicate drug dependency and substance abuse and recognizing the common
27 thread we share as global citizens,
28
29 1. Calls upon the United Nations Conference to help give financial support for the creation and
30 implementation of treatment facilities in Thailand for those struggling with drug addiction;
31
32 2. Requests that the United Nations discuss and recommend treatment facilities for other nations in
33 similar situations in order to help end this drug dependency problem worldwide.

The General Assembly,

Alarmed by the fact that 246 million people worldwide ave reported drug abuse,

Bearing in mind that all countries experience drug abuse problems and need help with them,

Concerned with the shockingly small amount of help provided to those who need help with their addictions,

1. Calls upon the United Nations to provide free rehabilitation and aid to those who need it. This means that any person found guilty of drug abuse would receive free rehabilitation and pills to help stop the effects of withdrawal presented in a needle exchange, prison, and/or free will;
2. We also propose an increase in punishment for those found guilty of using and/or selling illegal drugs. This increased punishments would mainly include a prolonged jail sentence and forced rehab;
3. This would take effect almost immediately, and what little funding is required for pills and needles can be provided by the United Nation's International Monetary Fund.

- 3 The General Assembly,
- 4
- 5 Bearing in mind that the EU projections estimate that more than 3 million refugees will arrive in Europe by the
- 6 end of 2017,
- 7
- 8 Appreciating that refugees are overwhelming the countries that they enter and straining limited resources,
- 9
- 10 Keeping in mind that refugee employment across Europe is low, (in Germany only 15% of refugees have
- 11 managed to find work),
- 12
- 13 Recognizing that native populations are concerned that refugees are competing with them for jobs,
- 14
- 15 Deeply concerned that many refugees are forced to turn to drug trafficking and prostitution to make ends meet,

- 1 Increasing the number of water filtration units in rural Angolan villages
2
3 The General Assembly,
4
5 Taking into consideration that water is a precious resource that is often threatened in countries experiencing
6 armed conflict, thereby threatening the health and welfare of citizens we propose that the UN provide more
7 filtration units in rural areas,
8
9 Almost 13 million people live in rural areas. Only about 2.3 million of these people have access to clean drinking
10 water. Access to clean water also creates better health, sanitation, and further empowers women from the task
11 of seeking water,
12
13 Further, political security ensures access to safe water. This proposal recalls resolutions 1625 and 1631 which
14 address water issues in Angola,
15
16 1. Further resolves to empower the rural peoples of Angola by providing water filtration systems to as
17 many as twenty-five villages, hopefully increasing the percentage of people who have access to clean
18 drinking and cooking water in Angola from 18% to at least 60%. UN delegates would provide the filters
19 and train native Angolans on their installation.

- 1 Establishing a public service program to teach pro-social behaviors to men and boys regarding girls and women.
2
3 The General Assembly,
4
5 Alarmed that 48 women and girls are sexually assaulted each hour in the Democratic Republic of Congo,
6
7 Recalling the women and girls require protection from sexual violence, as declared in its resolutions 1960,
8 2023, 1991, 2078, 2122,
9
10 Noting with great concern the violation of human rights abuses by allowing sex and gender based violence,
11
12 1. Further recommends that the prevention of violence against women begin with the education of men
13 and boys;
14
15 2. We urge the UN to support a public service and health campaign to educate males from very young
16 ages that violence against women results in overall decline in welfare for all;
17
18 3. We urge the UN to support the establishment of a public health campaign aimed at decreasing
19 instances of state-supported sexual violence and family-based domestic violence;
20
21 4. Seeks aid in obtaining and establishing educational materials and advertisements promoting pro-social
22 gender based social interactions, and draws attention to the common welfare guaranteed when sexual
23 violence is prevented as much as possible, and is certainly not sanctioned by military and radical fringe

9
10 Reaffirming that the International Covenant on Civil and Political Rights states that by no means may a people
11 be denied the right of self determination,
12
13 Having considered that the New Zealand Ministry of Social Development has already attempted to diminish this

15
16 Bearing in mind that extreme cases of poverty may be considered a violation of human decency as stated in the

18
19 Determined to decrease the amount of extreme poverty, diminish the wage gap, and ultimately increase human

1 Request For the Investigation of Overt Censorship of Governments
2
3 The General Assembly,
4
5 Recognizing issues concerning how freedom of speech, censorship, and other basic human rights are being
6 increasingly violated by governments,
7
8 Alarmed by the increase of censorship, the suppression or prohibition of any parts of books, films, news, etc.
9 that are considered obscene, politically unacceptable, or a threat to security, giving voice to those with diverse
10 perspective,
11
12 Confirms there have been examples of officers responding with excessive force against peaceful demonstrations
13 in Quito, the nation’s capital. Some detainees have suffered serious physical abuse, including severe beatings,
14 kicks, and electric shocks, during arrest and detention. In one instance, within 24 hours of being detained, more
15 than 100 detainees were brought before judges and charged with offenses such as attacking or resisting
16 authority. Furthermore, detainees were not aware of the charges against them before the hearings and had no
17 contact with family members or access to lawyers prior to their hearings,
18
19 Emphasizing freedom of speech protects everyone from all walks of life to express themselves freely as stated
20 in Article 19 of the Universal Declaration of Human Rights, which confirms, “Everyone has the right to freedom
21 of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive
22 and impart information and ideas through any media and regardless of frontiers”,
23
24 Deeply convinced that without these guaranteed freedoms, including those of unpopular opinions, the voice of
25 the people would be stifled and change would come to a halt,
26
27 1. Declares accordingly the United Nations recognize and condemn overt censorship of the state as denial
28 of freedom of speech and other basic human rights;
29
30 5. Further requests the United Nations General Assembly investigate instances of overt censorship by
31 states for recommendations of economic sanctions.

- 2
- 3 The General Assembly,
- 4
- 5 Noting with deep concern, illegal mining of precious metals depletes the environment, violates basic human
- 6 rights, and endangers public health,

- 13
- 14 Having examined Peru's exports of illegal mining has exceeded drug trafficking profits, that totaled over \$3

- 17
- 18 Fully aware of mining methods pertaining to the use of excessive amounts of mercury that are contaminating
- 19 fresh water sources, polluting agricultural production, impacting public health which may lead to serious and

- 24
- 25 1. Calls upon the United Nations Convention against Transnational Organized Crime (UNTOC) to take into

 - 27
 - 28 2. Requests the UNTOC to recognize illegal mining as a faction of organized criminal networks;

Fully aware that Finland's youth unemployment rate is already up to 23.5%,

Further recalling that globally, 600 million jobs will be needed over the next 15 years,

An act to spread refugees between countries

The General Assembly,

Rwanda has been affected by a serious genocide problem that we cannot fix alone,

In Rwanda approximately 550,000 people have been forced to flee their homes for safety,

The General Assembly,
 Having examined the global impact of the hunting of the harp seal,
 Deeply disturbed by the sheer amount of seal deaths and inhumane hunting strategies,
 Emphasizing the fact that harp seals are listed as a threatened species in the United States by the NOAA,
 Recognizing the efforts by non-profit and grassroots organizations to end this abuse,

1. Condemns the practice of inhumane sealing;
2. Urges Canadian and other citizens to educate themselves on the facts surrounding the sale and purchase of seal products;
3. Requests global governments to be realistic about the benefits of sealing vs the risks;
4. Demands that laws be put in place to require and enforce humane sealing practices worldwide;
5. Declares sealing, in its current form, to be nothing less than an attempted animal genocide.

1 Trade Deal between the Republic of Cuba and the United States and the Removal of an Economic Embargo
2
3 The General Assembly,
4
5 Determined to make the Republic of Cuba more available and accessible to the world by involving it in
6 international trade,
7
8 Taking into consideration a trade embargo (Proclamation 3447) imposed by former U.S. President John
9 Fitzgerald Kennedy in February of 1962 preventing all trade and exportation to Cuba from the United States,
10
11 Observing that tensions between the US and Cuba have relaxed subsequent to the end of the Cold War, the
12 taking over of power by Raul Castro, and the efforts by former President Obama to reopen foreign relations,
13
14 Recalling that the UN General Assembly has attempted to, without success, remove the embargo,
15
16 Emphasizing that the GDP per capita is less than mediocre at \$11,600 and over 70% of the population receive
17 household incomes in the lowest 10% of the world,
18
19 Alarmed by the decline of the Cuban GDP (Gross Domestic Product) that has a growth rate declining from 3.0%
20 to 1.3% in just two years and an industrial growth rate in the negatives (-0.20),
21
22 Recognizing that the Cuban government is not completely truthful about the state of its infrastructure or
23 economy and may lie when presenting statistics to official resources, often bolstering their data,
24
25 Bearing in mind the Helms-Burton Act of 1996 that encourages sanctions against the Cuban government,
26 enforces the embargo already in place, and takes steps to place sanctions on countries assisting Cuba, as well
27 as the Cuban Democracy Act of 1992 that states the President should promote other nations' restrictions of
28 trade with Cuba,
29
30 1. Calls upon the Second Committee of the UN General Assembly (Economic & Financial) to once again hold
31 a vote on the removal of the now 54 year long embargo, or at least clauses on it such as the banned
32 importation of sugar from Cuba, one of its most important exports, and press to remove such sanctions
33 that impede economic growth of the island;
34
35 2. Requests the Cuban government allow independent business to directly sell and trade with United
36 States as to prevent all revenue from ending up in the hands of the government, as well as paying
37 indemnization for American properties stolen in the process of the Cuban revolution, which initially led
38 to the embargo;
39
40 3. Insists that the Cuban government pass legislation outlawing the interference of the government in
41 privately owned businesses that benefit from the reopening of relations with the United States, as has
42 been known to occur in the past;
43
44 4. Further requests that the United States and Cuba not impose tariffs or taxes on products being
45 imported or exported between the two nations.

6
7 Having examined countless cases of this atrocity worldwide,
8
9 Recalling resolution 51/77 which prohibits child labour in all member countries,

Distribution of Medicines to Nicaragua to Prevent Malaria

- 1
2
3 The General Assembly,
4
5 Convinced that malaria is spreading rapidly and causing a decrease in population in the Northern and Southern
6 Autonoma Atlantico regions,
7
8 Keeping in mind that 5,000 to 10,000 cases are reported each year,
9
10 Reaffirming that providing no medical attention would be a violation of the Declaration of Human Rights,
11
12 Conscious of the actions of the government of Nicaragua in the 1980's implementing a new treatment, which
13 failed due to war implications and led to the thriving on P. Vivax malaria,

The General Assembly,

Understanding that the Republic of Kiribati is not often noticed as a member of the United Nations and yet is concerned about the current situation of ocean levels rising in the Pacific,

Alarmed that the lives of every person in the Republic of Kiribati could be lost or displaced if the world community does not act soon,

Recalling that since the independence of Kiribati from the United Kingdom of Great Britain and Northern Ireland, that the United Nations has not assisted Kiribati in anyway excluding extremely minor funding,

Fully aware that Kiribati and the ocean environment it occupies contribute billions of dollars to the global fishing industry, are home to many endangered and other such species, and and are home to massive exports of island nuts and fruits such as coconuts,

1. Urges the appropriate United Nation agencies to assist in funding and providing aid to the small islands of Kiribati to help save this valuable environment and its people;
2. Requests development of an effective evacuation plan if these assistance methods fail. This will also include work and research towards preservation of the wildlife of and around the nation;
3. Expresses our urgency in the matter; since the rising water levels themselves are irreversible, we must act fast to get these systems in place for the future;
4. Emphasizes that the United Nations has previously provided no assistance and support to Kiribati in addressing this issue since its independence;
5. Requests a follow-Up meeting by July 12, 2021, in reference to the efforts taken to address the situation, providing an overview of the progress made in providing assistance and developing these plans.

Kentucky United Nations Assembly

Disease caused by unclean drinking water kills more than 3.75 million people every year – and nearly half of them are children under five years old.

WaterStep installs water treatment plants that supply developing communities with access to safe, clean water.

By holding a WaterStep Shoe Drive, you'll help fund water projects that save hundreds of thousands of lives in the world's poorest countries.

Safe drinking water shouldn't be a luxury.

Worldwide, **884** million people suffer without any access to safe water.

Nearly **5,000** children perish each day due to diseases caused by unclean water.

Over **2.2 million** people could be saved this year just by having access to safe water.

Save lives.

Donating Shoes is Simple.

Gather up pairs of shoes you no longer wear. Ask your friends and family to pitch in.

Tie the laces, and drop them into a collection bag at a shoe drive or drop-off location.

Your shoes will fund projects that provide clean water for hundreds of thousands of people all over the world.

To promote a WaterStep Shoe Drive at your school, church, business or event, contact Jennifer Poe 502.567.7463 or jennifer.poe@waterstep.org.
