1 An act to require every public middle and high school to establish a Drug Abuse Prevention Program.

2

3 **Be it enacted by the Youth Assembly of the Commonwealth of Kentucky**

4

5 Section 1: This bill will mandate that all Kentucky public and middle schools establish and administer a Drug  
6 Abuse Prevention Program of no less than 10 total hours. This program may take place over multiple days  
7 and does not need to be consecutive. Examples may include school assemblies, guest speakers, health class  
8 curriculum, advisory classes, etc.

9

10 Section 2: Documentation of the Drug Abuse Prevention Program will be required as part of the existing  
11 program review assessment for Practical Living/Career Studies currently monitored in Kentucky schools.  
12 School and district administrators will enforce this bill within their schools and monitor compliance. The  
13 Kentucky Department of Education will also enforce school district compliance through the existing program  
14 review system.

15

16 Section 3: This bill will come at no additional cost to the state of Kentucky. School districts may incorporate  
17 the program as part of existing health curriculum. Also, many community organizations exist to aid schools  
18 in the implementation of such programs.

19

20 Section 4: This bill will go into effect for the 2015-2016 school year.
