How are you feeling?

Need a moment of calm? Scan this QR code for a resource to a breathing exercise that can help reduce stress and anxiety. You can also try a quick breathing exercise to relax, follow the instructions below.

How to breathe for relaxation: basic exercise

1. Sit comfortably with your back straight and your feet flat on the floor.
2. Close your eyes.
3. Slowly breathe in through your nose. As you breathe in, notice your chest filling up with air. Notice your shoulders rising and your tummy expanding.
4. When you feel that your lungs are full, hold the breath. Focus on the feeling of fullness in your chest and tummy.
5. Now slowly breathe out through your mouth. As you breathe out, notice your chest emptying and your shoulders dropping. Notice your tummy relaxing.
6. Repeat this exercise another 2 times (3 times in total).

Return to your normal breathing pattern.

Looking for more support? Ask your teacher or a Y staff member for a fidget to help you focus or additional resources to improve your mental health in the moment.

We also have a quiet room available for anyone needing a quiet moment away from programming. Review your agenda to see where the Quiet Room is located.

Student & Adult Code of Conduct

The purpose of this code is to identify personal behavior that is consistent with the mission of the Kentucky YMCA. Students sent home for violations would be at the expense of a parent/guardian. Violations are to be brought to the attention of Y-Staff. Delegates in violation are subject to disciplinary actions at the discretion of supervising adult and Y Staff including but not limited to calls to guardian(s); incident/behavioral report filed; sent home; school policies implemented.

If state/federal law is broken, Y-Staff will notify law enforcement and guardian(s) and delegates will be sent home. Y-Staff reserves the right to alter disciplinary actions as needed. YOUTH DEVELOPMENT AT THE YMCA

Kentucky YMCA Youth Development is the **social-emotional, cognitive, and physical** process that all youth uniquely experience from birth to career. A successful development process fulfills children and teens' innate need to be loved, spiritually grounded, educated, competent, and healthy.

Positive youth development is supported by the intentional efforts of individuals, including parents, mentors, teachers, community members, peers, and others who help foster the skills needed for successful living through motivation, active engagement, enriching activities, and healthy relationships.

DIMENSIONS OF WELL-BEING

At the Y, we support youth development by fostering nine dimensions of well-being: Character, Giving, Inspiration, Health, Achievement, Relationships, Belonging, Meaning, and Safety.

Youth Development at the Y emphasizes three of these dimensions when measuring the impact and effectiveness of our programs:

- Achievement**
- Relationships**
- Belonging**

THE FIVE PILLARS

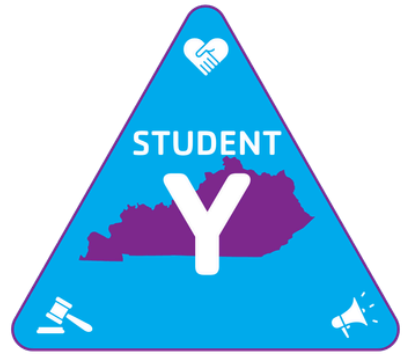

To help ensure the fidelity and quality of our YMCA teen programs, we measure and seek to maximize impact using the following pillars:

- Academics**
- Positive Relationships**
- Positive Identity**
- Life Skills**
- Civic Engagement** (Youth and Government*)

*Each YMCA teen program has a unique pillar of measurement. As a Youth and Government program, the Kentucky YMCA and our Student YMCA Chapters measure civic engagement.

COMMONWEALTH TEEN ADVOCATES

Leadership and Advocacy Program

Commonwealth Teen Advocates (CTA) is six-week leadership and advocacy program for students across Kentucky, designed to help young people identify issues they care about in their communities and take meaningful action. Hosted by the Kentucky YMCA Youth Association, this program blends civic education, hands-on project work, and real-world connections to help students become advocates where they live.

Each week, students meet in small groups with an adult facilitator for a two-hour session that includes an interactive workshop and time to develop a group advocacy project. Topics include local government, research, public speaking, and professional development. Guest speakers from each community will join sessions to bring the topics to life and share their own experience with civic engagement.

At the end of the program, students will present their advocacy projects to their group and then showcase them via tri-folds at their respective Kentucky Youth Assembly (KYA) conference later in the year.

If you're passionate about making a difference, ready to work with a team, and curious about how change really happens, Commonwealth Teen Advocates is for you.

Fall 2025 Counties

- Fayette (Bourbon, Clark, Madison, Jessamine, Woodford)
- Henderson (Davies, McLean, Webster, Union)
- Jefferson (Bullitt, Shelby, Oldham, Spencer, Hardin)
- Rowan (Bath, Fleming, Morgan, Carter, Menifee)
- Scott (Grant, Harrison, Bourbon, Woodford, Franklin, Owen)

Program Curriculum

Over the course of six weekly sessions, students will engage in workshops, hear from local guest speakers, and collaborate in small groups to create an advocacy project they will present to their peers, and later showcase at their respective Kentucky Youth Assembly (KYA) conference. Each session is two hours long and includes two parts:

- Workshop: A hands-on learning experience focused on an advocacy-related topic.
- Project Time: Guided small-group work to apply skills and develop an advocacy initiative.

Weekly Topics

- Week 1 – Foundations of Advocacy: Learn about the YMCA's role in youth leadership, the purpose of this program, and what advocacy really means. Students will begin brainstorming issues that matter to them.
- Week 2 – Understanding Local Government: Explore how local government works, how decisions are made in your community, and how to make your voice heard. Local officials may join to share their experiences.
- Week 3 – Research & Issue Mapping: Learn how to research community issues, understand root causes, and develop a clear and informed advocacy goal.
- Week 4 – Networking & Professional Development: Practice communication, public speaking, and outreach skills to help bring your advocacy ideas to life and work with others effectively.
- Week 5 – Project Work Day: Use this full session to finalize your advocacy project, organize your tri-fold display, and prepare your group presentation.
- Week 6 – Final Presentations: Share your group's project with your peers, celebrate your work, and get ready to have your work showcased later in the year at your Kentucky Youth Assembly (KYA) conference.

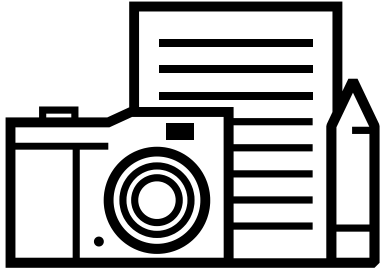

Why Join CTA?

Are you passionate about making your community better? Do you see problems and want to be part of the solution? Commonwealth Teen Advocates gives you the tools, support, and platform to turn your ideas into action. By joining this program, you will:

MAP OF THE WORLD

The boundaries and names shown and the designations used on this map do not imply official endorsement or acceptance by the United Nations. Final boundary between the Republic of Sudan and the Republic of South Sudan has not yet been determined. The final status of Jammu and Kashmir has not yet been determined. A dispute exists between the Governments of Great Britain and the United Kingdom of Great Britain and Northern Ireland concerning sovereignty over the Falkland Islands (Malvinas). *Non-Self-Governing Territory

This is the world map published and used by the United Nations. Cartography is an inherently political endeavor, and the map created by the UN does not necessarily reflect the beliefs or values of the KY YMCA Youth Association. A robust, ongoing debate about how countries and territories are recognized is a healthy part of the political process, and we encourage you to think critically about these matters.

- 1 Promoting Student Loan Debt Elimination for Healthcare Workers in Australia
- 2 Bearing in mind the principles of the Charter of the United Nations and the Universal Declaration of Human Rights,
- 3 which affirms the right of every person to physical and mental health care,
- 4
- 5 Recalling Sustainable Development Goal 3, which calls for universal health coverage and access to quality essential
- 6 healthcare services and affordable medicines for all,
- 7
- 8 Recognizing that Australia maintains a world-class healthcare system consistently ranked among the top 10
- 9 globally, it faces significant wait time challenges,
- 10
- 11 Deeply concerned by the extreme pressure on emergency departments and elective surgery wait times,
- 12
 1. Recommends the Australian Government escalate efforts to address the growing disparity in health
 - 13 outcomes for regional, rural, and remote areas by incentivizing the recruitment and retention of the
 - 14 health workforce in underserved communities by eliminating student loan debt;

1 Ensuring Humane Conditions and International Oversight in Bulgarian Prisons

2 Observing the poor quality of life in Bulgarian prisons: many buildings are rundown, with infrastructure issues, such

3 as leaking ceilings, draftiness, and dampness,

4

5 Recognizing the lack of sanitation, there have been reports of cockroach and bedbug infestations across almost all

6 penitentiary facilities. In some instances, prisoners have had to defecate in buckets,

7

8 Having received a non-government organization in 2023 stated that the funding and ability to access basic needs

9 were inadequate in the 2023 Country Reports on Human Rights Practices: Bulgaria. The report also showed 27

10 percent of prison inmates suffered abuse during detention, and 24 percent were subjected to physical violence

11 while in a police precinct,

12

13 Recalling back to 2021, when a former female prisoner won a court case after presenting proof of her being strip-

14 searched before and after every meal,

15

16 Taking into consideration that in South Sudan, the UN personnel have been located within a Sudan prison to

17 provide technical support and direct oversight against prison abuse,

18

19 Deeply concerned, this has been a problem since at least 2017 and has received little attention or improvement.

20 The Bulgarian government has been working toward these issues through legislative reforms and monitoring from

21 independent organizations, but the problems persist;

22 Calls upon the United Nations to conduct on-site inspections of detention centers and prisons under the

23 UN Subcommittee on Prevention of Torture (SPT);

24

25 Guided by the United Nations Standard Minimum Rules for the Treatment of Prisoners, the Nelson

26 Mandela Rules, we call upon Bulgaria to conduct random monthly inspections in 6 of the 13 prisons and to

27 carry out repairs and cleaning twice a year;

28

29 Taking into consideration the cost of the repairs and cleaning, the UN will need to raise at least \$2.84 a

30 square foot for all 13 prisons. This will be paid for by standard UN funding procedures, such as

31 contributions from national governments.

2 Recalling Articles 1 (2), 1 (3), 55, and 2 (1) and (7) of the Charter of the United Nations affirming sovereign equality, self-
3 determination, economic development, and non-intervention,
4
5 Reaffirming General Assembly Resolution 2625 (1970) prohibiting economic coercion,
6
7 Noting with deep concern the trade embargo imposed by the United States on Cuba and its humanitarian impact,
8 Recognizing the 2021–2026 Country Strategic Plan implemented by the United Nations World Food Programme and the
9 “Actúa Diferente” initiative, helping with food security, agricultural resilience, and disaster preparedness programs in Cuba,
10
11 Deeply concerned by shortages of food, medicine, fuel, and electricity affecting hospitals and vulnerable populations,
12
13 Acknowledging that sustained humanitarian and energy stabilization measures are vital to ensure long-term resilience and
14 protect vulnerable populations,
15 Calls for the immediate removal of the United States trade embargo on Cuba to allow access to essential
16 humanitarian goods, energy resources, and to international markets;
17
18 Requests the extension and full funding of the WFP Country Strategic Plan (2027–2030) with a total allocation of USD
19 60,000,000 (USD 15,000,000 annually), and further requests:
20
21 Annual progress and financial reports to the General Assembly;
22
23 Allows for the option of extensions beyond 2030 in one year increments upon review and approval from the General
24 Assembly;
25
26 Endorses the establishment of a UN-Backed Hospital Energy Supply Project for Cuba, under the coordination of The
27 United Nations Development Programme (UNDP), the World Health Organization (WHO) and the United Nations
28 Office for Project Services (UNOPS), with a budget of USD 22,000,000, which shall:
29 Conduct a nationwide audit of major Cuban hospitals within six months to identify facilities lacking reliable
30 emergency power systems;
31 Oversee the bulk purchasing, delivery, and installation of hybrid emergency energy systems, including diesel
32 generators, solar panels, and battery storage units, as well as staff training and one year technical oversight
33 following installation;
34 Prioritize installation in hospitals with intensive care units, surgical facilities, and high patient capacity;
35 Submit quarterly progress and financial transparency reports to the General Assembly;
36 Encourages the Secretary General to establish a voluntary multi-donor humanitarian trust fund dedicated to Cuba’s
37 food security and hospital energy stabilization efforts, allowing Member States to contribute toward the
38 implementation of Operative Clauses 2 and 3, with annual public financial reporting.

1 An act to revise law 137-03 in Strengthening Protections against Human Trafficking in the Dominican Republic
2 Deeply concerned about the serious problem of human trafficking around the world, including in the Dominican
3 Republic,
4
5 Recognizing that Law 137-03 (Law on Human Smuggling and Trafficking) was created in 2003 to punish traffickers
6 and protect victims,
7
8 Alarmed that human trafficking involves forced labor, sexual exploitation, and the illegal movement of people,
9 often targeting women and children,
10
11 Affirming that human trafficking is a severe violation of human rights and human dignity,
12
13 Acknowledging the efforts of the government of the Dominican Republic but recognizing the need for stronger
14 protections and updated policies. Along with the need for additional help from our partners, such as the United
15 Nations General Assembly.
16
17 In order to lower the amount of human trafficking taking place in the Dominican Republic, we are proposing the
18 following changes with the help of the United Nations:
19 1. Proposing to revise Law 137-03 so that prosecutors no longer have to prove coercion when clear
20 evidence of exploitation exists. This change would prevent traffickers from escaping punishment and
21 make it easier for law enforcement to convict traffickers.
22 2. Calling for strengthening penalties by increasing prison sentences for convicted traffickers from 15-20
23 years to 20-30 years in severe cases involving children, organized criminal networks, physical violence, or
24 repeat offenders.
25 3. Encouraging increasing international cooperation with partners such as the United Nations to share
26 intelligence about trafficking networks, coordinating investigations, and supporting victim recovery
27 programs
28
29 The United Nations strongly declares that human trafficking destroys lives and communities. By removing the
30 requirement to prove coercion and strengthening protections under Law 137-03, this resolution aims to ensure
31 that traffickers are held accountable and victims are protected with dignity and justice.

1 Convention on Holding Perpetrators of Gender Based Violence Accountable

2 Observing The UN trust fund is donating to women-led civil society organizations and the UN Security Council

3 Resolution 1325 created a resolution to focus on women's equality, security, and peace on 31 October 2000,

4

5 Fully aware the UNITE campaign is trying to stop GBV by advancing technology to stop pornography, stalking, and

6 harassment,

7

8 Deeply concerned that a type of (GBV)Gender Based violence,femicide causes around 6 girls/women to be killed

9 every hour by a spouse or family member and the number has a 25% increase from 2024-2025,

10

11 Guided by the fact 1 in 3 (30%) of women go through GBV with a partner or non partner,

12

13 Emphasizing every year an estimated 246 million children are subject to some form of gender-based violence –

14 mistreatment, bullying, psychological abuse and sexual harassment,

15

16 Calls upon the UN to help hire and train new investigators and law enforcement specialists specified for GBV,

17

18 Further invites the UN to encourage and assist governments on legal changes on the laws that are not fully

19 criminalizing rape,

20 Many countries only punish force-driven rape, allow marital rape, and abusers can marry their victim to avoid

21 prosecution,

22 Requests 60 million dollars out of the 3.6 billion dollars the UN gets funded yearly towards, funding specified for

23 GBV, and to help educate societies on how to treat women;

24 To change culture and educate we want to add school curriculum integration about past times, how women and

25 men are equal, and that gender violence should not be tolerated,

26 Northwest Technical College has implemented GBV training for students, athletes, and staff–doing the same to

27 other colleges/schools can help GBV end.

A Proposal to Combat Global Population Decline

2 Deeply Disturbed by the global fertility rate that has dropped drastically since 1960, from an average 5 children per
 3 woman, to 2.2 children per woman. We are emphasizing the fact that many people are not having children
 4 because of the high costs of living, low wages, and unstable employment. In Greece alone, 1 in 3 citizens have
 5 stated that they've struggled to make ends meet. We believe that if the fertility rate continues to fall, it could
 6 heavily impact the global economy .

8 Section 1: Takes note of, the reasons why many people aren't having children, such as high cost of living, low
 9 wages, and unstable employment. The Greek government plans to offer tax credits to anyone who has a child. To
 10 further support families, we will offer tax cuts, according to the amount of children a household has.

12 Section 2: Emphasizes that because of the global economy, many families are dealing with economic uncertainty,
 13 due to unstable employment. We are asking the International Labor Organization (ILO) for assistance. This
 14 organization can help provide vocational training to citizens who lost their jobs. We plan to work with the ILO to
 15 bring training centers all across Europe. If these centers prove to be beneficial, we will expand to the rest of the
 16 world to make them more accessible.

18 Section 3: Calls upon other member states to implement similar family friendly tax policies.

1 Proposal to Develop the Land of Nepal to Combat Infrastructure and Unemployment Issues

2 Noting with deep concern that 4.6 million Nepalese people, or 21% of the population, do not have access to the

4

5 Recognizing the fact that 77% of Nepal’s population live in rural areas,

6

9

10 Observing that our country has experienced political instability, slowing infrastructure development,

1 Creating A Non-profit Organization to Aid Victims of Displacement and Human Trafficking
2 Deeply concerned with the overwhelming amount of displaced individuals who fell into human trafficking,
3
4 Recalling that at the end of June 2025, nearly 117.3 million people around the world were either forced or taken

6
7 Recognizing that these deeply disturbing circumstances create a heightened vulnerability of men, women, and
8 children to be trafficked,
9
10 Reaffirming Article 6.3 of the United Nations Office on Drugs and Crime Trafficking in Persons Protocol—
11 Assistance to and protection of victims of trafficking in persons— each state providing the necessary services for
12 the physical, physiological and social recovery of victims of trafficking in persons. This allows the ability to create

1

Julie is a student who wants to make a difference in the world.

2

She starts a shoe drive at her school and asks her classmates to bring in their used shoes.

3

In school, Julie and her classmates learn about global water issues.

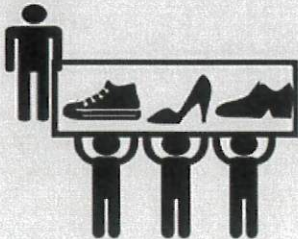

Next!

4

Then, the exporter ships the shoes all over the world, where they're bought by small business owners.

The shoes go to WaterStep, where they're sold and shipped to an international exporter.

Julie and her classmates celebrate when they reach their shoe goal.

Small business owners sell the shoes, earn a living and support their local economy.

Money from selling the shoes help fund water projects all over the world and further WaterStep's mission to bring safe water to communities.
