I. **AI (ARTIFICIAL INTELLIGENCE) POLICY**

- a. Due to the increased use of AI, the Kentucky YMCA Youth Association recognizes the valuable role AI can play in enhancing learning and streamlining tasks. We encourage our students to rely on their own creativity and critical thinking when writing speeches, bills/resolutions, and developing materials for KYA and KUNA. Using AI tools for inspiration or research is fine, but we believe that the most impactful work comes from personal effort, originality, and genuine engagement with the material. By doing so, you'll not only hone your skills but also create authentic content that reflects your unique voice and perspective.

II. **CURFEW**

- a. Curfew Following Final Programming – curfew will no longer be a specific time listed in the bill book, but will happen immediately following any programming. If students have special program meetings after the final GA of the evening, they can attend those but must go straight to their sleeping rooms upon dismissal. The Y will also be more stringent on finding students out past curfew and Premier Delegation will be taken from the school immediately.

III. **FOOD DELIVERY SERVICES**

- a. All food deliveries must go through only the advisors, students are no longer allowed in the hotel lobby for any reason. The KYYMCA has made this change to ensure the safety of our students and to implement quality programming for all of our delegations.

IV. **LOBBY USE**

- a. Students No Longer Permitted in Hotel Lobby – students will no longer be permitted in the hotel lobby at all. Exceptions include going to the front desk with an advisor or going to the market with an advisor (market use up to advisor's discretion). This decision comes from the increased use of the lobby and finding many students without advisors in the lobby area. Child safety is our priority. The Y will also be more stringent on finding students in the lobby and Premier Delegation will be taken from the school immediately.

V. **LEGISLATIVE RESEARCH COMMISSION SEAL REQUIREMENT**

- a. Bills must be submitted by the registration deadline to be eligible for the LRC (Legislative Research Commission) seal. No exceptions can be made to this requirement. Any extensions given to schools for registration do not affect this requirement. If schools need to submit registration after the deadline, they are encouraged to send in their bill separately to be eligible for the LRC seal.

VI. **MEDIA CORPS AT MIDDLE SCHOOL**

- a. We are so excited to bring Media Corps to middle school conferences starting this fall! Each school can select up to 2 media delegates to appoint on registration – 1 student for photography and 1 student for journalism. Check out our website for more info!

VII. **SENIOR CORDS**

- a. A list of students receiving senior cords will now be sent with the preconference email about a week before the conference. Any requests or changes needed for cords will need to occur 3 days before the conference begins. No requests or changes can be made onsite.
